

OpticScore eScore target is designed for air rifle, air pistol and small caliber rifle sports shooting. It is great for ranges up to 15 meters; and can be used for both competitions and training.

The target utilizes optical detection which provides an extremely high accuracy and no parallax error. The target is ISSF Level 1 certified.

The target has almost no consumable parts, only the target plate itself and an optional witness plate.

The target is delivered with RGB LED illumination of the target face, where colors and intensity can be adjusted individually.

The target can be delivered with an integrated bullet catcher for air weapons and an integrated standalone target lift for standing, kneeling and prone position.

The target is one of several target models for the KONGSBERG eScore™ system.

The targets for Kongsberg eScore automatically adapt to the shooting distance and the caliber in use. In addition, a Built in Test (BiT) is continuously running to detect any faults or reduced performance.

The KONGSBERG eScore™ system and its targets are based on communication on the TCP/IP protocol. This way, numerous networking equipment are available to setup a shooting range. Both wired and wireless options exist.

The KONGSBERG eScore™ systems automatically connects to the Kongsberg Cloud services (if the system is connected to internet) – thus utilizes several new ground-breaking features.

RECOMMENDED USE:

- Air rifle and Air pistol
- Small caliber rifle (.22LR)
- Ranges: Rifle 10 / 15 | Pistol 10 meters
- Subsonic and Supersonic ammunition

TECHNICAL:

Dimensions:

A.....	330mm
B.....	400mm
C.....	470mm

Detection area:

C.....	170mm
D.....	170mm

SPECIFICATION:

Temperature:	+5°C to +35°C (indoor conditions)
Options:	<ul style="list-style-type: none">- Integrated bullet catcher for air weapons- Integrated standalone target lift for standing, kneeling and prone position
Weight:	8.1kg +/-0.5kg (without lift and bullet catcher)
Accuracy:	Equal to or better than the ISSF requirements for 10-meter Air Pistol and 10-meter Air Rifle. The target is ISSF Level 1 certified.
